

# School Infrastructure

Our school is having all the physical facilities, buildings, equipment, and resources required to provide a safe, inclusive, and effective learning environment for students.

## Major Components of School Infrastructure

### 1. School Building

- Safe and permanent school building
- Adequate classrooms
- Head Master/Mistress's office
- Staff room
- Administrative office
- Store room

### 2. Classroom Facilities

- Well-lit and ventilated classrooms
- Blackboard/Whiteboard
- Student desks and benches
- Teacher's table and chair
- Fans and lighting

### 3. Sanitation and Hygiene

- Separate toilets for boys and girls
- CWSN (Children with Special Needs) friendly toilet
- Safe drinking water facility
- Handwashing stations
- Proper waste management system

### 4. Laboratories

- Science laboratory
- Computer laboratory
- Mathematics Corner

### 5. Library

- Well-equipped library
- Adequate collection of books
- Reading area

### 6. Sports Infrastructure

- Sports equipment
- Indoor sports facilities

### 7. Digital Infrastructure

- Smart classrooms
- Projectors
- Computers
- Internet connectivity
- Wi-Fi
- Interactive panels/LED displays

**8. Safety and Security**

- Boundary wall
- Main entrance gate
- CCTV surveillance
- Fire extinguishers
- First aid kit
- Disaster management and emergency preparedness plan

**9. Accessibility**

- Ramps
- Handrails
- Wheelchair accessibility
- Barrier-free pathways

**10. Electricity and Utilities**

- Reliable electricity supply
- Fans and lighting

**11. Mid-Day Meal Infrastructure**

- MDM Room
- Meal distribution area

**12. Water Management**

- Overhead water tank
- Proper drainage system

**13. Environmental Infrastructure**

- Herbal Kitchen garden
- Tree plantation and landscaping
- Clean and green campus

**14. Furniture and Equipment**

- Student furniture
- Cupboards and storage units
- Notice boards
- Display boards

**15. Other Facilities**

- Assembly area
- Bicycle stand
- Vehicle parking area
